

From the Eastern Hollywood, with a Global Layout

Our parent company – Hengdian Group

- Established in 1975 in Hengdian, rapid development in nearly **50 years**
- One of the **Chinese largest private enterprise**
- **Six listed companies**, over **200 member enterprises**, annual revenue of **12,06 billion EURO**
- Be hailed as the **“Magnetic Capital of the World”**, **“Medical Valley of Jiangnan”**, **“China’s Dream Factory”**

DMEGC A Long-term Partner of Fortune Global 500

DMEGC is the long-term strategic partner of Fortune Global 500 Enterprises and been rated as "Excellent Supplier" by world-renowned enterprises such as Japan NIDEC, South Korean Samsung, and won Bosch "Global Best Supplier Award". With 44 years of experience in industry-leading technology, R&D, manufacturing, quality management and excellent service, DMEGC Solar provides highly efficient, reliable, and aesthetically pleasing solar modules, and various application solutions to global customers. Through the continuous integration of sustainability goals in our value chain, DMEGC Solar has established itself as a responsible player in the industry.

Founded in 1980, DMEGC Solar is committed to be the world’s leading renewable energy company, possessing six manufacturing bases (Hengdian, Sihong, Qixian, Yibin, Lianyungang, Southeast Asia). With industry-leading technology R&D, manufacturing technologies, quality management and service, DMEGC Solar provides high-efficiency and reliable PV products and all application solutions for global customers.
